

The parking garage will be on your right-hand side, just past the mid-block traffic light (and across from Parker Center), as you travel south on Los Angeles Street from Temple Street. Turn RIGHT into the driveway. The attendant will have a day pass for you and direct you where to park.

Directions to the Mayor's Press Conference Room

The attendant will direct you to park in the "Visitor's Section" of P2. Once parked, head south toward the white vans and city cars parked inside a fence. Follow the walkway and enter the building. Take either bank of elevators to the 3rd floor.

Once you exit the elevator, head west and look for the "Bridge" signs. The bridge connects City Hall East (where you parked) and City Hall. As you cross the bridge, there will be a security guard on your right. Sign-in and get a visitor's pass. After you have your pass, continue across the bridge. Take a left once you cross the bridge into City Hall and walk through the double doors marked Mayor's Office and process until you reach the receptionist.

Let the receptionist know that you are here for a meeting in the press conference room.

Feel free to contact Christina Guimera at (213) 978-6397 if you have any problems or concerns regarding parking and arrival.
